Café in the Ghetto

café • bar • galerie • vegan bistro

Drinks & Food Menu

Café In The Ghetto – vegan cafe, bar, bistro, and a showcase gallery – is run by the non-profit organization Tripitaka, z.s. Our place offers space for cultural and community events. We are a social enterprise and offer training places for people who need support on their way to the open labour market. We try to operate with respect for people, animals and plants. You can have a lunch here every working day, you will also find desserts here, and you won't stay hungry even in the evenings.

Life of the cafe is closely connected to the "Káznice" (former prison) – we provide a bar at cultural events organized there and occasionally caterings as well.
